SUPPORT THE YOU AREN'T ALONE PROJECT

The You Aren't Alone Live Art Event is our annual fundraiser that brings together artists and community members to change the conversation around mental health and connect through the beauty, power, and vulnerability of art. The event offers a unique glimpse into artists' mental health journeys interpreted through visual & and performance art—the pain, the loss, the hope, and the triumph. The goal of this event is to provide a safe space for mental health to be discussed and connection and hope to be shared through the hearts and minds of creatives.

Since our inaugural event in 2019, we've showcased hundreds of artists across disciplines and identities and welcomed guests and community partners to raise funds and awareness for YAAP initiatives over shared conversations around mental health. As the signature fundraiser for the You Aren't Alone Project, we are excited to invite community partners like you to join us for this year's event.

WE CAN'T DO IT ALONE.

The You Aren't Alone Project is a nonprofit organization dedicated to facilitating & changing conversations around mental health so that **no one ever has to feel alone.**

We offer community programming, events, and resources that bring people together over shared creative journeys in order to foster connection for all. We do this by tapping into the power of art and storytelling to create safe, supportive, and inclusive spaces that encourage vulnerability, connection, healing and hope.

We believe that hope & connection can thrive at the intersection of the mental health & creative journey.

WILL YOU HELP US?
